

FOR IMMEDIATE RELEASE

## **Dr Marie-Claire Bélanger joins the Canada Science and Technology Museums Corporation Board of Trustees**

OTTAWA, March 8, 2012 – Dr Gary Polonsky, Chair of the Board of Trustees of the Canada Science and Technology Museum Corporation, is pleased to welcome Dr Marie-Claire Bélanger to the Board.

Dr. Bélanger has been a clinical biochemist at the Université de Montréal's Hospital Center (CHUM) since 2008. Prior to this, she worked as an Associate Researcher at Réseau SIDA et maladies Infectieuses of the Fonds de recherche en santé du Québec (FRSQ), and as a senior clinical lecturer at the Université de Montréal's Department of Biochemistry. She also worked as a lipidology consultant at Xzenova Clinical Research Inc.

Dr. Bélanger, who has published numerous scientific articles, currently serves as Vice-President of the Association des biochimistes cliniques du Québec. Dr. Bélanger holds numerous degrees, including a Doctorate in Molecular and Cellular Biology from the Université Laval, and a Postdoctoral Studies Diploma in Clinical Biochemistry from the Université de Montréal.
